

# Marc Terribilini – Portfolio

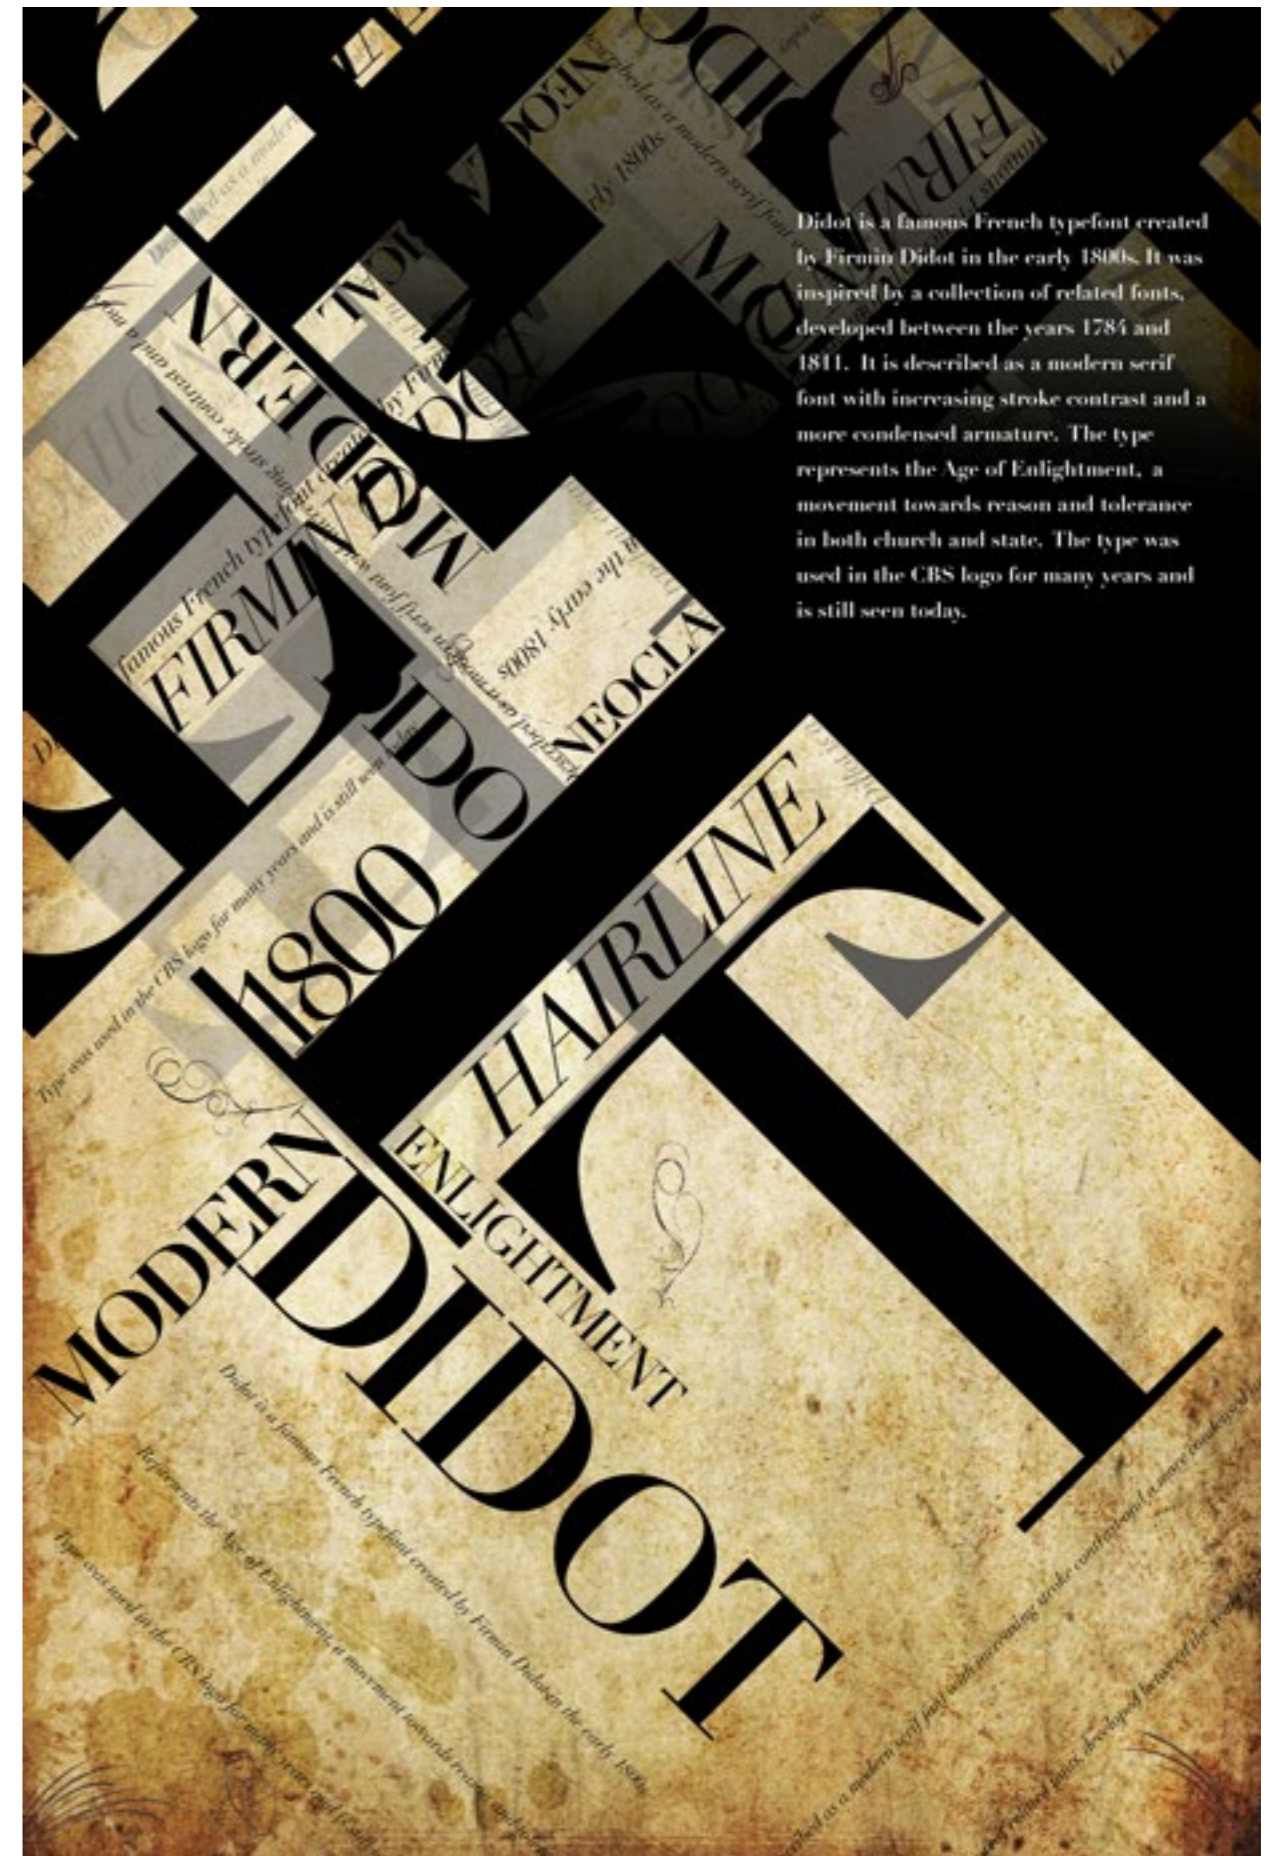

Academy of Art University  
Web Design and New Media – Fall 2014  
[meltux.com](http://meltux.com)

# Didot

A typography poster created to display characteristics of the Didot type font family. Showing an increased stroke contrast and a more condensed armature.

- Typography for Digital Masters
- Fall 2011– Ryan Medieros

<http://meltux.com/images/didot-poster.jpg>

## Script Guitar

A render of an electric guitar drawn entirely using the new canvas tag in HTML5 and Javascript coding.

- Inside Programming
- Fall 2011 – Joseph Elwell

<http://www.meltux.com/web/scriptGuitar.html>

# Glueckert Audio

A Drupal CMS website I made to help promote Paul Glueckert as a professional audio recording engineer and producer.

- Web Tech 2
- Fall 2012 – Ethan Wilde

<http://meltux.com/webtech2-nav-prototype/>

## Interactive Piano

An interactive piano created in Adobe Flash to teach people about basic music cords and theory.

- Time Based Media
- Spring 2012 – Andrea Pimentel

<http://meltux.com/motion.html>

*How to Play the Piano*

# Twins

An image created by combining four different photographs in to one final composite image, creating a surreal piece of art.

- Advanced Digital Imaging
- Spring 2012 – Michael Brunsfeld

<http://meltux.com/images/twins.jpg>

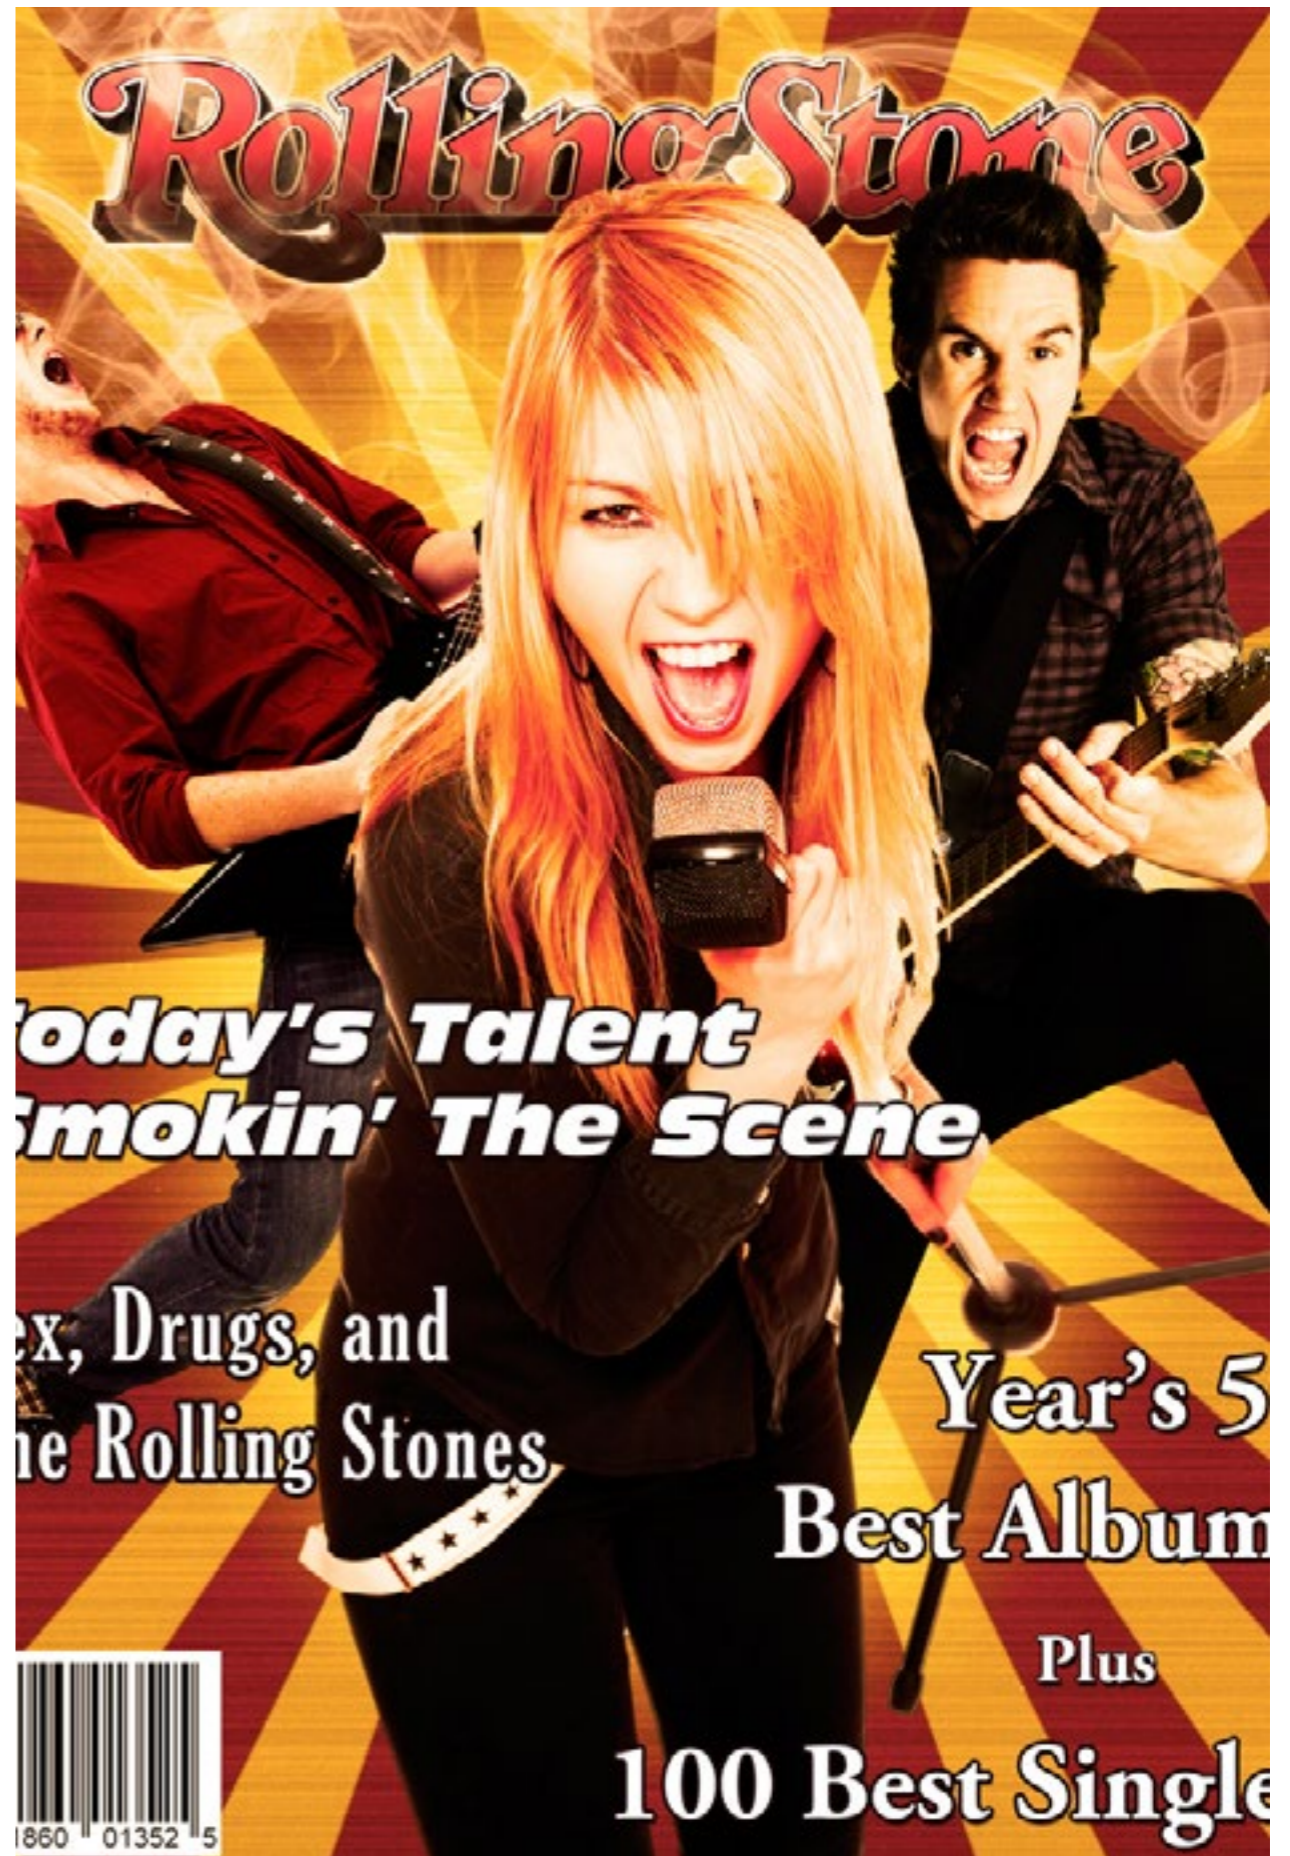

## Rockin'

An image created by combining many different images and digital art in to one final composite magazine cover image.

- Advanced Digital Imaging
- Spring 2012 - Michael Brunsfeld

<http://meltux.com/images/magazine.jpg>

# Interactive Sunglasses

An interactive piece created in Adobe Flash to guide people through buying their own unique pair of sunglasses

- Time Based Media Scripting
- Summer 2012 - Mark Badger
